

article index

Australian Infection Control: index of articles 1998-2001

1998

March (autumn)

Thornton T

Investigating management costs of disposable versus reusable sharps containers.

Newman H

Needlestick injury: a precedent case.

Gulliford M & Gardner G

Research report: computer surfaces and cross infection.

Wishart M

An infection control exchange in Papua New Guinea.

June (winter)

Collings J & Nielson S

Ebola in Western Australia: fears and facts.

Smith D

Hepatitis C – commonly asked questions.

Rank F & Riley TV

Bacterial spores and sporicidal agents.

Scott K

Hepatitis B vaccination status of medical officers at the Canberra Hospital.

September (spring)

Walker C & Cameron S

Hospital and community-based infection control.

Smith V

Setting up a community and mental health infection control service.

Murphy C

Prevention of HIV transmission in the health care setting.

December (summer)

Cameron S

Food safety: a role for the infection control practitioner.

Wilkinson I, McLean J & Wise R

The costs and benefits of controlling vancomycin-resistant Enterococci in an Australian teaching hospital.

Dacey GT & Dufficy L

Unknown phenomena: a study of infection control practices in the community setting.

Daley A

Breast milk and infection.

1999

March (autumn)

Jacobsen W & Cadwallader H

Implementing standard precautions in the operating theatre: the role of the infection control liaison nurse.

Goldberg E

An MRSA screening policy for a small New South Wales hospital.

Dunn R & Robathan G

Hospital costs of, and factors contributing to, a pertussis epidemic.

June (winter)

Inglis TJJ

Acinetobacter in the intensive care unit.

Mitchell DH, Dempsey KM & Jelfs PJ

Multi-resistant Acinetobacter baumannii: description of an outbreak centred on an intensive care unit in an Australian hospital.

Pearman J, Perry P, Lee R & Mitchell D

Restriction of third-generation cephalosporins plus infection control measures ended recurrent outbreaks of multi-resistant Acinetobacter baumannii in an Australian hospital.

September (spring)

Harrington GA, Russo PL, Spelman DW, Adams N, Brack S & Tynan P

Intravascular device-related primary bacteraemia rates in a general intensive care unit.

Jones C

Influenza vaccination: impact on absenteeism among nursing and medical staff in a metropolitan teaching hospital.

December (summer)

Auricht E, Borgert J, Butler M, Cadwallader H, Collignon P, Eades M et al.

Uniform national numerator definitions for infection control clinical indicators: surgical site infection and health-care related bloodstream infection.

Gardner G, Jones E & Olesen D

Use of focus group technique to investigate infection control practice.

Macbeth D

Pathway to credentials.

2000

March (spring)

Daley AJ

Vaccination of health care workers.

Thrum A

Managing biohazard exposures in the community.

June (winter)

Cobbett S & LeBlanc A

Minimising IV site infection while saving time and money.

Cooper EE

Antimicrobials: use in animal husbandry and resistance in humans.

Collignon P

Antibiotics in food production animals: cause of human health problems?

September (spring)

Jones E, Gardner G & Olesen D

Evolving and expanding: the scope of practice of the infection control practitioner.

Ducker A

Infection control in small rural facilities: a generic service plan.

Auricht E, Borgert J, Butler M, Cadwallader H, Collignon P, Eades M *et al.*

Introduction to Australian surveillance definitions: surgical site infection and blood stream infections.

December (summer)

Yarwood T & McCormack JG

Vancomycin resistance on Staphylococcus aureus: a new challenge for infection control and antibiotic prescribing.

Logan RM, Coates EA & Gorkic E

A pilot study to evaluate sterile and non-sterile gloves following routine dental procedures.

2001

March (autumn)

Cadwallader H & Nikolett S

Current Australian nosocomial infection surveillance activities: a survey of Australian Infection Control Association (AICA) members.

Zimmerman PP

For the good of many: an infection control perspective on ethics.

Marjadi B

Challenges in developing infection control programmes for Indonesia.

June (winter)

Olesen D

Application of governance: an infection control perspective.

Auricht E, Borgert J, Butler M, Cadwallader H, Collignon P, Cooper C *et al.*

Uniform national denominator definitions for infection control clinical indicators: surgical site and health care associated blood stream infection.

McLaws ML

Risk adjusted infection rates. Part 1: what is risk adjustment and when should infection rates be risk adjusted?

Burtenshaw K & Usher H

The Australian Council on Healthcare Standards: performance indicators.

Morton A & Curtis M

Control charts for nosocomial surveillance.

September (spring)

Paterson DL

Infection control implications of extended-spectrum beta-lactamase (ESBL) production by Klebsiella and other Gram-negative bacteria.

Noy D, Creedy D & Purcell C

Post-discharge surveillance methods: a critique

Druce JD, Gattton MG, Ryan G & Birch CJ

Survival of a hepatitis C surrogate in anaesthetic and analgesic drugs.

Ballantyne S, Hiley L, Staines D, Heel K, Gavranich J & Chick P

The management of contacts following a case of nosocomial meningococcaemia in a children's ward.

Bailey AM & Prociw P

Pediculus humanus capitis infestations in the community: a pilot study into transmission, treatment and factors affecting control.

December (summer)

Reilly M, Noy D, Creedy D & Moyle W

Infection in aged care facilities.

Friedewald M & de Wit D

MRSA screening of nursing home residents admitted to hospital on the NSW Central Coast.

Geary A, Moyle W, Evans K

Infection control in Queensland long-term care facilities.

Hoyle J

Managing the challenge of an acute gastroenteritis outbreak cause by a Norwalk-like virus in a 239 bed long-term care facility.

PEER REVIEWERS 2001

In 2001, peer reviews were conducted for Australian Infection Control by the following people:

Chen Anderson
Elizabeth Auricht
Marilyn Beattie
Frances Birrell
Jenny Bourne
Judy Bowmaker
Helen Cadwallader
Alison Carter
Grace Croft
Merrilyn Curtis
Shane Doidge
Kathy Duggan

Joan Faoagali
Judy Forrest
Glenn Gardner
Paul Hakendorf
Karen Heel
Ruth Hood
Robert Horvath
Chris Hunt
Faye Kelly
Jacqueline Kennon
Marilyn Leaver
David Looke

Chris Lostroh
Gary Lum
Deborah MacBeth
Rose MacSorley
Brad McCall
Joseph McCormack
Mary-Louise McLaws
Peter McMinn
David Mitchell
Mary Mott
Pipi Mottram
Cathryn Murphy

Denise Noy
Tom Riley
Gabby Robathan
Philip Russo
Jayne Saul
Paul Smollen
Jenny Stackelroth
Pam Sykes
Michael Whitby
Irene Wilkinson
Marion Woods
