GEOFFREY BURNSTOCK

Bibliography

PUBLICATIONS

Burnstock, G. (1957). A 'window' technique for observing fish viscera *in vivo*. *Nature* 180, 1491-1492.

Burnstock, G. (1958). Reversible inactivation of nervous activity in a fish gut. *J. Physiol.* 141, 35-45.

Burnstock, G. & Straub, R.W. (1958). A method for studying the effects of ions and drugs on the resting and action potentials in smooth muscle with external electrodes. *J. Physiol.* 140, 156-167.

Bülbring, E., Burnstock, G. & Holman, M.E. (1958). Excitation and conduction in the smooth muscle of the isolated taenia coli of the guinea-pig. *J. Physiol.* 142, 420-437.

Burnstock, G. (1958). The effects of acetylcholine on membrane potential, spike frequency, conduction velocity and excitability in the taenia coli of the guinea-pig. *J. Physiol.* 143, 165-182.

Burnstock, G. (1958). The action of adrenaline on excitability and membrane potential in the taenia coli of the guinea-pig and the effect of DNP on this action and on the action of acetylcholine. *J. Physiol.* 143, 183-194.

Burnstock, G. (1958). The effect of drugs on spontaneous motility and on response to stimulation of the extrinsic nerves of the gut of a teleostean fish. *Br. J. Pharmacol.* 13, 216-226.

Burnstock, G. (1959). The morphology of the gut of the brown trout (*Salmo trutta*). *Q. J. Microsc. Sci.* 100, 183-198.

Burnstock, G. (1959). The innervation of the gut of the brown trout (*Salmo trutta*). *Q. J. Microsc. Sci.* 100, 199-219.

Bülbring, E. & Burnstock, G. (1960). Membrane potential changes associated with tachyphylaxis and potentiation of the response to stimulating drugs in smooth muscle. *Br. J. Pharmacol. Chemother.* 15, 611-624.

Burnstock, G. & Prosser, C.L. (1960). Delayed repolarization in smooth muscles. *Proc. Soc. Exp. Biol. Med.* 103, 269-270.

Burnstock, G. (1960). Membrane potential changes associated with stimulation of smooth muscle by adrenaline. *Nature* 186, 727-728.

Burnstock, G. & Prosser, C.L. (1960). Responses of smooth muscles to quick stretch; relation of stretch to conduction. *Am. J. Physiol.* 198, 921-925.

Prosser, C.L., Burnstock, G. & Kahn, J. (1960). Conduction in smooth muscle: comparative structural properties. *Am. J. Physiol.* 199, 545-552.

Burnstock, G. & Prosser, C.L. (1960). Conduction in smooth muscle: comparative electrical properties. *Am. J. Physiol.* 199, 553-559.

Burnstock, G. & Holman, M.E. (1960). Autonomic nerve-smooth muscle transmission. *Nature* 187, 951-952.

Burnstock, G. & Holman, M.E. (1961). The transmission of excitation from autonomic nerve to smooth muscle. *J. Physiol.* 155, 115-133.

Burnstock, G. & Holman, M.E. (1962). Spontaneous potentials at sympathetic nerve endings in smooth muscle. *J. Physiol.* 160, 446-460.

Burnstock, G. & Holman, M.E. (1962). Effect of denervation and of reserpine treatment on transmission at sympathetic nerve endings. *J. Physiol.* 160, 461-469.

Burnstock, G., Dewhurst, D.J. & Simon, S.E. (1963). Sodium exchange in smooth muscle. *J. Physiol.* 167, 210-228.

Burnstock, G. & Holman, M.E. (1963). Smooth muscle: autonomic nerve transmission. *Annu. Rev. Physiol.* 25, 61-90.

Burnstock, G., O'Shea, J. & Wood, M. (1963). Comparative physiology of the vertebrate autonomic nervous system. I. Innervation of the urinary bladder of the toad (*Bufo marinus*). *J. Exp. Biol.* 40, 403-419.

Burnstock, G. & Campbell, G. (1963). Comparative physiology of the vertebrate autonomic nervous system. II. Innervation of the urinary bladder of the ringtail possum (*Pseudocheirus peregrinus*). *J. Exp. Biol.* 40, 421-436.

Boyd, H., Burnstock, G., Campbell, G., Jowett, A., O'Shea, J. & Wood, M. (1963). The cholinergic blocking action of adrenergic blocking agents in pharmacological analysis of autonomic innervation. *Br. J. Pharmacol.* 20, 418-435.

Burnstock, G., Holman, M.E. & Prosser, C.L. (1963). Electrophysiology of smooth muscle. *Physiol. Rev.* 43, 482-527.

Merrillees, N.C.R., Burnstock, G. & Holman, M.E. (1963). Correlation of fine structure and physiology of the innervation of smooth muscle in the guinea pig vas deferens. *J. Cell Biol.* 19, 529-550.

Burnstock, G., Campbell, G., Bennett, M. & Holman, M.E. (1963). The effects of drugs on the transmission of inhibition from autonomic nerves to the smooth muscle of the guinea pig taenia coli. *Biochem. Pharmacol.* 12 (Suppl.), 134-135.

Burnstock, G., Campbell, G., Bennett, M. & Holman, M.E. (1963). Inhibition of the smooth muscle of the taenia coli. *Nature* 200, 581-582.

Burnstock, G., Holman, M.E. & Kuriyama, H. (1964). Facilitation of transmission from autonomic nerve to smooth muscle of guinea-pig vas deferens. *J. Physiol.* 172, 31-49.

AWARDS AND HONOURS

- 1970 Royal Society of Victoria Silver Medal
- 1971 Fellow of the Australian Academy of Science (FAA)
- 1986 Fellow of the Royal Society (FRS)
- 1987 Honorary Member of the Royal College of Physicians (MRCP)
- 1992 Member of Academia Europaea
- 1998 Fellow of the Academy of Medical Sciences
- 1998 Honorary Fellow of the Royal College of Surgeons of England (FRCS)
- 2000 Honorary Fellow of the Royal College of Physicians (FRCP)
- 2000 Royal Medal of the Royal Society of London
- 2002 Doctor Honoris Causa, University of Antwerp
- 2003 Correspondant Academicien of the Real Academia Nacional de Farmacia, Spain
- 2003 Honorary Member of the Physiological Society
- 2004 Honorary Fellow of the Pharmacological Society
- 2007 Doctor Honoris Causa, J. W. Goethe-Universität (Frankfurt)
- 2008 Honorary Member of the Australian Physiological Society
- 2009 Copernicus Gold Medal, Ferrara
- 2010 Gaddum Memorial Award, British Pharmacological Society
- 2011 Doctor Honoris Causa, University of Leipzig
- 2012 Erasmus Medal, Academia Europaea
- 2018 Macfarlane Burnet Medal, Australian Academy of Science
- 2018 Companion of the Order of Australia (AC)
