

**List of Birds observed during Trip from Port Augusta
(S.A.) to Yardea Telegraph Station, Gawler
Ranges, in August, 1902.**

BY (DR.) A. CHENERY, PORT AUGUSTA (S.A.)

IN regard to "geographical distribution" I beg to enclose list of birds observed on a recent trip made by Dr. A. M. Morgan, of Adelaide, and myself.

This list does not include a number of birds found in the vicinity of this town and in the Flinders Ranges. A complete

list of these will be forwarded next year, perhaps. Season's too dry for birds or collectors at present. We were too early for eggs, but found one clutch of *Ptilotis plumula* and *Phaps chalcoptera*.

<i>Aquila audax</i>	<i>Calamanthus campestris</i>
<i>Haliastur spheurnus</i>	<i>Anthus australis</i>
<i>Hieracidea berigora</i>	<i>Tæniopygia castanotis</i>
" <i>occidentalis</i>	<i>Cinclosoma castanonotum</i>
<i>Podargus strigoides</i>	<i>Corcorax melanorhamphus</i>
<i>Hirundo neoxena</i>	<i>Corone australis</i>
<i>Petrochelidon nigrigans</i>	<i>Corvus coronoides</i>
<i>Lagenoplastes ariel</i> (nests only)	<i>Pomatorhinus superciliosus</i>
<i>Cheramœca leucosternum</i>	<i>Glycyphila albifrons</i>
<i>Artamus sordidus</i>	<i>Ptilotis sonora</i>
" <i>melanops</i>	" <i>plumula</i>
<i>Pardalotus ornatus</i>	" <i>ornata</i>
<i>Strepera</i> — (?)	<i>Acanthogenys rufigularis</i>
<i>Gymnorhina tibicen</i>	<i>Acanthochæra carunculata</i>
" <i>leuconota</i>	<i>Melithreptus brevirostris</i>
<i>Cracticus destructor</i>	<i>Myzantha flavigula</i>
<i>Grallina picata</i>	<i>Dicaeum hirundinaceum</i>
<i>Graucalus melanops</i>	<i>Zosterops cœrulescens</i>
<i>Lalage tricolor</i>	<i>Climacteris rufa</i>
<i>Pachycephala rufiventris</i>	" <i>superciliosa</i>
" <i>gilberti</i>	" <i>scandens</i>
<i>Collyriocincla harmonica</i>	<i>Sittella pileata</i>
" <i>rufiventris</i>	<i>Cacomantis pallidus</i>
<i>Oreoica cristata</i>	" <i>flabelliformis</i>
<i>Sauloprocta motacilloides</i>	<i>Cacatua leadbeateri</i>
<i>Sisura inquieta</i>	<i>Platycercus zonarius</i>
<i>Micrœca fascians</i>	<i>Psephctus hæmatogaster</i>
" <i>assimilis</i>	" <i>multicolor</i>
<i>Smicronis brevirostris</i>	<i>Neophema elegans</i>
<i>Petroeca goodenovii</i>	<i>Glossopsittacus porphyrocephalus</i>
<i>Melanodryas bicolor</i>	<i>Phaps chalcoptera</i>
<i>Eopsaltria georgiana</i>	<i>Turnix velox</i> (dried eggs only)
<i>Malurus assimilis</i>	<i>Dromæus novæ-hollandiæ</i>
" <i>callainus</i>	<i>Eupodotis australis</i>
" <i>leucopterus</i>	<i>Burhinus grallarius</i>
<i>Amytis</i> — (?)	<i>Zonifer tricolor</i>
<i>Acanthiza uropygialis</i>	<i>Eudromias australis</i>
" <i>pyrrhopygia</i>	<i>Ægialitis ruficapilla</i>
" <i>tenuirostris</i>	<i>Anas gibberifrons</i>
<i>Geobasileus chrysorrhous</i>	<i>Spatula rhynchotis</i>
<i>Ephthianura albifrons</i>	<i>Chlamydochen jubata</i>
" <i>aurifrons</i>	<i>Podiceps nestor.</i>
<i>Xerophila leucopsis</i>	
<i>Pyrrholæmus brunneus</i>
