

PACIFIC CONSERVATION BIOLOGY

Volume 16

Number 2

Contents

EDITORIAL

- Online E-phemera. *Mike Calver*. 75

FORUM ESSAY

- Selection of indicator species for State of the Environment reporting: A case study from New Zealand. *Joanne M. Hoare, Colin F. J. O'Donnell and Elaine F. Wright*. 76
- Obituary, Albert Russell (Bert) Main, FAA, CBE 83

RESEARCH PAPERS

- Implications of visitations by Shore Skinks *Oligosoma smithi* to bait stations containing brodifacoum in a dune system in New Zealand. *Chris J. Wedding, Weihong Ji and Dianne H. Brunton*. 86
- Urban edge effects in the Blue Mountains, New South Wales: implications for design of buffers to protect significant habitats. *Peter Smith and Judy Smith*. 92
- Conservation and utilization of threatened hardwood species through reforestation — an example of *Afzelia xylocarpa* (Kruz.) Craib and *Dalbergia cochinchinensis* Pierre in Cambodia. *T. So, I. Theilade and B. Dell*. 101
- An automated data logger for simultaneously recording amphibian vocalizations with weather variables. *P. D. Meek*. 117
- Short term effects of wild fire on invertebrates in coastal heathland in southeastern Australia. *Penelope Greenslade and Derek Smith*. 123
- Status of Dugong *Dugong dugon* and Australian Snubfin Dolphin *Orcaella heinsohni*, in the Solomon Islands. *Deborah K. Bass*. 133
- Effects of Ungulate Management on Vegetation at Hakalau Forest National Wildlife Refuge, Hawai'i Island. *Steven C. Hess, John J. Jeffrey, Linda W. Pratt and Donna L. Ball*. 144

BOOK REVIEWS

- Large Scale Ecosystem Restoration: Five Case Studies from the United States. *David Paull*. 151

Papers submitted to *Pacific Conservation Biology* are individually and fully peer reviewed by a minimum of two referees. Referees are independent of the editorial board and are chosen for their expertise in the subject area of the paper submitted. In addition, papers are vigorously reviewed and edited by the editorial board. Nonetheless, the views put by authors are their own and do not necessarily reflect those of the editors or the Publisher.

COPYRIGHT

Submission of a paper to *Pacific Conservation Biology* will be taken to imply that it presents original unpublished work, not under consideration for publication elsewhere. By submitting a manuscript, the authors agree that the copyright for their article is transferred to the Publisher if and when the article is accepted for publication. The copyright covers the exclusive rights to reproduce and distribute the article, including reprints, photographic reproductions, microfilm or any other reproductions of similar nature, and translations. Permission to publish illustrations must be obtained by the author before submission and any acknowledgements should be included in the captions.

Authors of papers in *Pacific Conservation Biology* should be subscribers to the journal. Please indicate whether one or more of the authors is a subscriber. Not subscribing will not affect the publication of the paper. However, whereas subscribers (provided they are subscribers at the time of submitting their manuscript) receive a free pdf and do not pay page charges, non-subscribers do not receive pdf files and will be asked to pay a nominal AUD\$20 per printed page. These charges will be invoiced when page proofs are sent to authors. If they do not receive grant or institutional support for publication, contributors may request an exemption from page charges but they will pay a nominal charge for their pdf file if required. This is similar to procedures followed by other journals, including the Australian Ecological Society and the Royal Society of Western Australia in the publication of their journals. Authors may accelerate publication of their papers to the next available issue without penalty to other authors by paying full page charges of AUD\$65 per page. This still represents a significant publication subsidy. For your convenience subscription forms have been enclosed. If you already subscribe, assist the conservation of biodiversity in the Pacific Region by encouraging a colleague and/or library to subscribe.
