RESEARCH PAPERS

- Weak negative responses of spider diversity to short-term 'kraaling'
Sicelo Sebata, Charles R. Haddad, Moira J. FitzPatrick and Stefan H. Foord 61
- Some soil factors constraining buffel grass (*Cenchrus ciliaris* L.) seedling growth rate
across a range of acid red Kandosols in Queensland, Australia
Richard G. Silcock 77
- Diet quality, liveweight change and responses to N supplements by cattle grazing *Astrebla* spp.
(Mitchell grass) pastures in the semi-arid tropics in northwest Queensland, Australia
R. M. Dixon, M. T. Sullivan, S. N. O'Connor and R. J. Mayer 97
- Opportunities to build resilience of beef cattle properties in the mulga lands of south-western
Queensland, Australia
M. K. Bowen, F. Chudleigh, N. M. Sallur and J. Sommerfield 115
