RESEARCH PAPERS

Men who have sex with men, infectious syphilis and HIV coinfection in inner Sydney: results of enhanced surveillance

Susan J. Botham, Kelly-Anne Ressler, Patrick Maywood, Kirsty G. Hope, Chris P. Bourne, Stephen J. Conaty, Mark J. Ferson and Darren J. Mayne 291–298

Direct urine polymerase chain reaction for chlamydia and gonorrhoea: a simple means of bringing high-throughput rapid testing to remote settings?

Frashta Rahimi, Namraj Goire, Rebecca Guy, John M. Kaldor, James Ward, Michael D. Nissen, Theo P. Sloots and David M. Whiley 299–304

Degree and correlates of sexual mixing in female sex workers in Karnataka, India

Bidhubhusan Mahapatra, Catherine M. Lowndes, Kaveri Gurav, Banadakoppa M. Ramesh, Stephen Moses, Reynold Washington and Michel Alary 305–310

Prevalence and risk factors of reproductive tract infections among a defined population of Iranian women

Najmeh Maharlouei, Esmat Barooti, Farkhondeh Sharif, Hamed Hosseini and Kamran B. Lankarani 311–315

The impact of living with HIV: differences in experiences of stigma for heterosexual and homosexual people living with HIV in Australia

Loren Brener, Hannah Wilson, Sean Slavin and John de Wit 316–319

Performance of the OSOM Trichomonas Rapid Test for diagnosis of *Trichomonas vaginalis* infection among women in Mysore, India

Purnima Madhivanan, Tan Li, Stephanie Trammell, Chirayu Desai, Vijaya Srinivas, Anjali Arun, Jeffrey D. Klausner and Karl Krupp 320–324

Effective peer education in HIV: defining factors that maximise success

Steven M. Lambert, Joseph Debattista, Aleksandar Bodiroza, Jack Martin, Shaun Staunton and Rebecca Walker 325–331

Preconception reflections, postconception intentions: the before and after of birth control in Australian adolescent females

Jennifer Lawson Smith, S. Rachel Skinner and Jennifer Fenwick 332–338

Measuring self-efficacy to use vaginal microbicides: the Microbicide Use Self-Efficacy instrument

Joseph L. Fava, Jacob J. van den Berg, Rochelle K. Rosen, Liz Salomon, Sara Vargas, Anna L. Christensen, Megan Pinkston and Kathleen M. Morrow 339–347

The potential impact of new generation molecular point-of-care tests on gonorrhoea and chlamydia in a setting of high endemic prevalence

Ben B. Hui, David P. Wilson, James S. Ward, Rebecca J. Guy, John M. Kaldor, Matthew G. Law, Jane S. Hocking and David G. Regan 348–356

Community event-based outreach screening for syphilis and other sexually transmissible infections among gay men in Sydney, Australia

Phillip J. Read, Vickie Knight, Christopher Bourne, Rebecca Guy, Basil Donovan, Warwick Allan and Anna M. McNulty 357–362

Differences in access to healthcare and utilisation of HIV and sexually transmissible infection services between men who have sex with men and men who have sex only with women: results of the 2006–10 National Survey of Family Growth in the United States

Guoyu Tao and Karen W. Hoover 363–368

Leveraging changing gender norms to address concurrency: focus group findings from South African university students

Stephanie R. Psaki, Nono Ayivi-Guedehoussou and Daniel T. Halperin 369–376

CASE REPORT

Facilitating partner notification through an online messaging service: Let Them Know

Sarah Huffam, Christopher K. Fairley, Mark Chung, Jun Kit Sze, Jade Bilardi and Marcus Y. Chen 377–379

LETTERS

Sexual health of Indian immigrant men in Australia: an exploratory research on help-seeking attitudes

Vijayasarithi Ramanathan, Gomathi Sitharthan, Karen Pepper and Kevan Wylie 380–381

Heterosexual partner acquisition rates in the Australian population

Nicholas F. H. Tothill, Anthony M. A. Smith and David G. Regan 382–384

The prevalence of *Trichomonas vaginalis* detected by wet mount and polymerase chain reaction in Sydney women

Ivy Kwon, Anna McNulty and Phillip Read 385–386

Introduction of routine polymerase chain reaction testing for *Neisseria gonorrhoeae* in a community laboratory

Arlo Upton, Janet Wilson and Liselle Bissessor 387–388

Diagnosis of latent tuberculosis infection among HIV-infected clients in Far North Queensland: use of an interferon-gamma release assay

Katrina Lyne, Sandra Downing and Darren Russell 389–390
