PUBLICATIONS – R.W. Crompton

1. *Experimental investigation of the diffusion of slow electrons in nitrogen and hydrogen*
Crompton, R.W. and Sutton, D.J.
Proc. Roy. Soc. A **215**, 467, 1952
2. *Experimental studies of the motion of slow electrons in air with application to the ionosphere*
Crompton, R.W., Huxley, L.G. H. and Sutton, D.J.
Proc. Roy. Soc. A **218**, 507, 1953
3. *A note on the diffusion in a gas of electrons from a small source*
Huxley, L.G.H. and Crompton, R.W.
Proc. Phys Soc. B **68**, 381, 1955
4. *Growth of pre-breakdown ionization currents in hydrogen*
Crompton, R.W., Dutton J. and Haydon, S.C.
Nature **176**, 1079, 1955
5. *Precision measurements of ionization coefficients in uniform static fields*
Crompton, R.W., Dutton, J. and Haydon, S.C.
Proc. Phys Soc. B **69**, 2, 1956
6. *A precision capsule-type pressure gauge for the range 0-20 mm of mercury*
Crompton, R.W. and Elford, M.T.
J. Sci. Instrum. **34**,405, 1957
7. *A source of inaccuracy encountered when measuring drift velocities of electrons in gases by an electrical shutter method*
Crompton, R.W., Hall, B.I.H and Macklin, W.C
Aust. J. Phys. **10**, 366, 1957
8. *The mobility of potassium ions in nitrogen and neon at 294 K*
Crompton, R.W. and Elford, M.T.
Proc. Phys. Soc. **74**, 497, 1959
9. *A new method of measuring the attachment of slow electrons in gases*
Huxley, L.G.H., Crompton, R.W. and Bagot, C.H.
Aust. J. Phys. **12**, 303, 1959
10. *The motions of slow electrons in gases*
Huxley, L.G.H. and Crompton, R.W.
Chapter 10 in *Atomic and Molecular Processes*, ed. D.R. Bates, Academic Press, New York, 1962
11. *On the use of palladium osmosis tubes*
Crompton, R.W. and Elford, M.T.
J. Sci. Instrum. **39**, 480, 1962
12. *On the swarm method for determining the ratio of electron drift velocity to diffusion coefficient*
Crompton, R.W. and Jory, R.L.
Aust. J. Phys. **15**, 451, 1962

13. *The ratio of drift speed to diffusion coefficient for quasi-thermal electrons in hydrogen and nitrogen*
Crompton, R.W. and Elford, M.T.
Sixth International Conference on Ionization Phenomena in Gases, Paris, 1, 337, 1963
14. *The motions of electrons and ions in gases*
Crompton, R.W.
Chapter 3 in Discharge and Plasma Physics, ed. S.C. Haydon, University of New England, Armidale, 1964
15. *The momentum-transfer cross section for low-energy electrons in helium*
Crompton, R.W. and Jory, R.L.
IV International Conference on the Physics of Electronic and Atomic Collisions, Quebec, p.118, 1965
16. *The diffusion and attachment of electrons in water vapour*
Crompton, R.W., Rees, J.A. and Jory, R.L.
Proceedings of VII International Conference on Phenomena in Ionized Gases, Belgrade, 1, 83, 1966
17. *The extension of swarm techniques to the measurement of electron energy for conditions near electrical breakdown*
Crompton, R.W., Liley, B.S., McIntosh, A.I. and Hurst, C.A.
Proceedings of VII International Conference on Phenomena in Ionized Gases, Belgrade, 1, 86, 1966
18. *Precision measurements of the Townsend energy ratio for electron swarms in highly uniform electric fields*
Crompton, R.W., Elford, M.T. and Gascoigne, J.
Aust. J. Phys. **18**, 409, 1965
19. *The diffusion and attachment of electrons in water vapour*
Crompton, R.W., Rees, J.A. and Jory, R.L.
Aust. J. Phys. **18**, 541, 1965
20. *On the use of the parameter E/N*
Huxley, L.G.H., Crompton, R.W. and Elford, M.T.
Brit. J. Appl. Phys. **17**, 1237, 1966
21. *Electron transport coefficients in gaseous parahydrogen*
Crompton, R.W. and McIntosh, A.I.
Phys. Rev. Letters **18**, 527, 1967
22. *Comments on some recent analyses of the pulsed Townsend discharge*
Crompton, R.W.
J. Appl. Phys. **38**, 4093, 1967
23. *The momentum transfer cross section for electrons in helium*
Crompton, R.W., Elford, M.T. and Jory, R.L.
Aust. J. Phys. **20**, 369, 1967
24. *Electron transport coefficients in hydrogen and deuterium*
Crompton, R.W., Elford, M.T. and McIntosh, A.I.
Aust. J. Phys. **21**, 43, 1968

25. *Electron drift and diffusion in parahydrogen at 77 K*
Crompton, R.W. and McIntosh, A.I.
Aust. J. Phys. **21**, 637, 1968
26. *The cross section for the J=0-2 rotational excitation of hydrogen by slow electrons*
Crompton, R.W., Gibson, D.K. and McIntosh, A.I.
Aust. J. Phys. **22**, 715, 1969
27. *The pressure dependence of the drift velocities of low energy electrons in H₂, D₂, and He at 77K*
Crompton, R.W. and Robertson, A.G.
Bull. Am. Phys. Soc. II **14**, 259, 1969
28. *Mean electron energy in non-attaching gases*
Crompton, R.W.
Encyclopaedic Dictionary of Physics, Pergamon Press, Oxford, Supplement **3**, 1969, p.204
29. *Townsend energy factor: Townsend energy ratio*
Crompton, R.W.
Encyclopaedic Dictionary of Physics, Pergamon Press, Oxford, Supplement **3**, 1969, p.422
30. *Momentum transfer cross-sections for low-energy electrons: determination by swarm techniques*
Crompton, R.W.
Encyclopaedic Dictionary of Physics, Pergamon Press, Oxford, Supplement **4**, 1970, p.269
31. *The contribution of swarm techniques to the solution of some problems in low energy electron physics*
Crompton, R.W.
Chapter 1 in Advances in Electronics and Electron Physics **27** (ed. L. Marton), Academic Press, New York, 1969
32. *The momentum transfer cross section for electrons in helium derived from drift velocities at 77 K*
Crompton, R.W., Elford, M.T. and Robertson, A.G.
Aust. J. Phys. **23**, 667, 1970
33. *Vibrational excitation of H₂ by low-energy electrons*
Crompton, R.W., Gibson, D.K. and Robertson, A. G.
Phys. Rev. A **2**, 1386, 1970
34. *The density dependence of electron drift velocities in normal and parahydrogen, deuterium and helium at 77 K*
Crompton, R.W. and Robertson, A.G.
Aust. J. Phys. **24**, 543, 1971
35. *The present status of the Townsend-Huxley experiment in theory and practice*
Crompton, R.W.
Aust. J. Phys. **25**, 409, 1972
36. *Measurement of the thermal diffusion coefficient for electrons in helium*
Gibson, D.K. Crompton, R.W. and Cavalleri, G.
J. Phys. B: Atom. Molec. Phys. **6**, 1118, 1973

37. *The drift velocity of electrons in oxygen at 293 K*
Crompton, R.W. and Elford, M.T.
Aust. J. Phys. **26**, 771, 1973
38. *Zero-field mobility for electrons in dry and humid air*
Milloy, H.B., Reid, I.D. and Crompton, R.W.
Aust. J. Phys. **28**, 231, 1975
39. *The diffusion coefficient for thermal electrons in neon at 295 K*
Rhymes, T., Crompton, R.W. and Cavelleri, G.
Phys. Rev. A **12**, 776, 1975
40. *Experimental observations of the diffusion cooling of electrons in argon*
Rhymes, T. and Crompton, R.W.
Aust. J. Phys. **28**, 675, 1975
41. *Momentum transfer cross section for electron-argon collisions*
Crompton, R.W., Milloy, H.B., Rees, J.A. and Robertson, A.G.
IX International Conference on the Physics of Electronic and Atomic Collisions, Seattle, 1975, p.457
42. *Electron diffusion in argon in a finite enclosure: the effect of diffusion cooling*
Crompton, R.W., Kumar, K., Leemon, H.I. and Rhymes, T.
Proceedings of the XII International Conference on Phenomena in Ionized Gases, Eindhoven, 1975, p.6
43. *Measurement of the diffusion coefficient for thermal electrons and a new estimate of the scattering length for neon*
Crompton, R.W., O'Malley, T. and Rhymes, T.
Proceedings of the XII International Conference on Phenomena in Ionized Gases, Eindhoven, 1975, p.7
44. *The ratio of the lateral diffusion coefficient to mobility for electrons in argon at 294 K*
Milloy, H.B. and Crompton, R.W.
Aust. J. Phys. **30**, 51, 1977
45. *The momentum transfer cross section for electrons in argon in the energy range 0-4 eV*
Milloy, H.B., Crompton, R.W., Rees, J.A. and Robertson, A.G.
Aust. J. Phys. **30**, 61, 1977
46. *Momentum-transfer cross section for electron-helium collisions in the range 4-12 eV*
Milloy, H.B. and Crompton, R.W.
Phys. Rev. A **15**, 1847, 1977
47. *Electron swarm experiments: a progress report*
Crompton, R.W.
International Seminar on Swarm Experiments in Atomic Collision Research, Tokyo, 6a1, 1979
48. *Diffusion, attachment and attachment cooling of thermal electrons in molecular oxygen*
Crompton, R.W., Hegerberg, R. and Skullerud, H.R.
International Seminar on Swarm Experiments in Atomic Collision Research, Tokyo, 6a4, 1979

49. *Electron transport in Ar-H₂ mixtures*
Crompton, R.W. and Haddad, G.N.
International Seminar on Swarm Experiments in Atomic Collision Research, Tokyo, 6a2, 1979
50. *The drift velocity of low energy electrons in oxygen at 293 K*
Reid, I.D. and Crompton, R.W.
Aust. J. Phys. **33**, 215, 1980
51. *Electron-neon scattering length and S-wave phase shifts from drift velocities*
O'Malley, T.F. and Crompton, R.W.
J. Phys. B: Atom. Molec. Phys. **13**, 3451, 1980
52. *The effect of attachment cooling in oxygen and oxygen-nitrogen mixtures*
Crompton, R.W., Hegerberg, R. and Skullerud, H.R.
J. Phys. B: Atom. Molec. Phys. **13**, 1455, 1980
53. *Electron transport in argon-hydrogen mixtures*
Crompton, R.W. and Haddad, G.N.
Aust. J. Phys. **33**, 975, 1980
54. *Temperature dependence of the diffusion coefficient for thermal electrons in carbon dioxide over the range 296-468 K*
Hegerberg, R., Elford, M.T. and Crompton, R.W.
Aust. J. Phys. **33**, 985, 1980
55. *The diffusion coefficient for thermal electrons in mercury vapour at 470 K*
Hegerberg, R. and Crompton, R.W.
Aust. J. Phys. **33**, 989, 1980
56. *The attachment rate for thermal electrons to SF₆ and CFCl₃*
Crompton, R.W., Haddad, G.N., Hegerberg, R. and Robertson, A.G.
J. Phys. B: Atom. Molec. Phys. **15**, L483, 1982
57. *Comment on the possibility of Ramsauer-Townsend minima in e-H₂ and e-N₂ scattering*
Crompton, R.W. and Morrison, M.A.
Phys. Rev. A**26**, 3695, 1982
58. *Comment on "Hole burning into velocity distribution of thermal electrons due to resonance attachment to O₂"*
McMahon, D.R.A. and Crompton, R.W.
J. Chem. Phys. **78**, 603, 1983
59. *Thermal electron attachment to SF₆ and CFCl₃*
Crompton, R.W. and Haddad, G.N.
Aust. J. Phys. **36**, 15, 1983
60. *Developments in the use of swarm experiments for investigating electron collision processes*
Crompton, R.W.
Proceedings of the XVI International Conference on the Physics of Ionized Gases, 1983 (Invited Papers). (Eds. W. Botticher, H. Wenk and E. SchulzGulde) p.58

61. *Diffusion, attachment and attachment cooling of thermal electrons in oxygen and oxygen mixtures*
Hegerberg, R. and Crompton, R.W.
Aust. J. Phys. **36**, 831, 1983
62. *Model calculations of negative differential conductivity in gases*
Petrovic, Z.Lj., Crompton, R.W. and Haddad, G.N.
Aust. J. Phys. **37**, 23, 1984
63. *The measurement, interpretation and application of electron transport coefficients*
Crompton, R.W.
In "The Physics of Ionized Gases" (Eds. M.M. Popovic and P. Krstic), World Scientific Publishing Co., Singapore, 1984, p.87
64. *Thermal attachment to SF₆ at room temperature and 500 K*
Petrovic, Z.Lj. and Crompton, R.W.
J. Phys. B. **17**, 2777, 1985
65. *Experimental and theoretical investigation of near-threshold e-H₂ collisions*
Crompton, R.W. and Morrison, M.A.
In Swarm Studies and Inelastic Electron-Molecule Collisions (Eds. L.C. Pitchford, B.V. McCoy, A. Chutjian and S. Trajmar) Springer-Verlag, New York, 1985, p.143
66. *Near threshold rotational and vibrational excitation of H₂ by electron impact: theory and experiment*
Morrison, M.A., Crompton, R.W., Saha, B.C. and Petrovic, Z.Lj.
Aust. J. Phys. **40**, 239, 1987
67. *A swarm experiment in He-H₂ mixtures to examine vibrational excitation of H₂ by electron impact*
Petrovic, Z.Lj. and Crompton, R.W.
Aust. J. Phys. **40**, 347, 1987
68. *Attachment and diffusion of thermal electrons in methyl bromide*
Petrovic, Z.Lj. and Crompton, R.W.
J. Phys. B: Atom. Molec. Phys. **20**, 5557, 1987
69. *Transport coefficients for low energy electrons in carbon monoxide*
Petrovic, Z.Lj. and Crompton, R.W.
Proceedings of the XVIII International Conference on Phenomena in Ionized Gases, Swansea, 1987, p.124
70. *The electron-argon scattering length determined from electron mobility measurements in Ar-H₂ mixtures*
Petrovic, Z.Lj. and Crompton, R.W.
XV International Conference on the Physics of Electronic and Atomic Collisions, Brighton, 1987, p.128

71. *A study of vibrational excitation of H₂ by measurements of the drift velocity of electrons in H₂-Ne mixtures*
England, J.P., Elford, M.T. and Crompton, R.W.
XV International Conference on the Physics of Electronic and Atomic Collisions, Brighton, 1987, p.306
72. *Low energy electrons in science and technology*
Crompton, R.W.
The Australian Physicist **25**, 146, 1988
73. *A study of vibrational excitation of H₂ by measurements of the drift velocity of electrons in H₂-Ne mixtures*
England, J.P., Elford, M.T. and Crompton, R.W.
Aust. J. Phys. **41**, 573, 1988
74. *Comparison of experimental and calculated attachment rate coefficients for CFC₁₃ and CC₁₄ in the temperature range 294 - 500K*
Orient, O.J., Chutjian, A. Crompton, R.W. and Cheung, B.
Phys. Rev. A **39**, 4494, 1989.
75. *Electron transport coefficients in carbon monoxide and deuterium*
Petrovic, Z. Lj. and Crompton, R.W.
Aust. J. Phys. **42**, 609-625, 1989
76. *Beam, swarm and theoretical studies of low-energy electron scattering: some exemplars in Non-equilibrium Effects in Ion and Electron Transport*, eds. J.W. Gallagher, D.F. Hudson, E.E. Kunhardt and R.J. Van Brunt,
Plenum Press (1990) 11-36
77. *The foundations of the physics of atomic collisions in Australia*
Keynote Lecture to XVII ICPEAC, Brisbane, 1991, in *Electronic and Atomic Collisions, Proceedings of the XVII ICPEAC, Brisbane, (1991)* (eds. W. MacGillivray, I.E. McCarthy, and M.C. Standage), IOP Publishing Ltd., Bristol
78. *Leonard George Holden Huxley 1902 - 1988*
Crompton, R.W.
Historical Records of Australian Science **8**, 249, 1991
79. *Analyses of recent experimental and theoretical determinations of e-H₂ vibrational excitation cross sections: assessing a long-standing controversy*
Crompton, R.W. and Morrison, M.A.
Aust. J. Phys. **46**, 203, 1993
80. *Benchmark measurements of cross sections for electron collisions: swarm methods*
Crompton, R.W.
Advances in Atomic, Molecular and Optical Physics, Academic Press Inc., New York, **33**, 97, 1994
81. *e-Ar scattering length from drift velocities measured in argon-hydrogen mixtures*
Petrovic, Z.Lj., O'Malley, T.F., and Crompton, R.W.
J. Phys. B: At. Mol. Opt. Phys. **28**, 3309, 1995

82. *Rotational and vibrational excitation of molecular nitrogen by electron impact*
Robertson, A.G., Elford, M.T., Morrison, M.A., Sun, W. and Crompton, R.W.
Aust. J. Phys. 50,441, 1997

83. *Marcus Laurence Elvin Oliphant 1901 - 2000*
Carver, J.H., Crompton, R.W., Ellyard, D.G., Hibbard, L.U., and Inall, E.K.
Historical Records of Australian Science 14-3, 357, 2003

Books

The diffusion and drift of electrons in gases

Huxley, L.G.H. and Crompton, R.W.

John Wiley & Sons, New York, 1974

Gaseous electronics and its applications

Crompton, R.W., Hayashi, M., Boyd, D.E. and Makabe, T. (Eds)

K.T.K. Scientific Publishers, Tokyo and Klewer Academic Publishers, Dordrecht, 1991.
