## Supplementary Data File S1: Interview Questions

- What have been your experiences of developing the child health check?
  - What was it like working with the Griffith team?
  - Was there anything that was particularly *unhelpful* about the health check development process?
  - Was there anything particularly *helpful* about the health check development process?
  - Was there anything that be improved or done differently in the health check development process?
  
- What have been your experiences of using the health check with families?
  - How have you been using the health check?
  - What has worked?
  - What hasn't worked?
  
- What has been some of the feedback or experiences of children and families from the health check?
  - What did families say didn't work?
  - What did families say did work?
  
- How does the new health check compare with the old 715 health check?
  - What has been done differently?
  
- What have been your experiences of the training you had to prepare and support you in using the health check?
  
- Have you noticed any changes in your practice more broadly since the training and use of the health check?
  - For example – have you used the knowledge from the RNDA in other ways?
  - Have you trained/shown others how to use the RNDA or other parts of the health check.
  
- What do you think could still be improved with the health check?
  - *Cultural appropriateness of the health check?*
  
- What should happen next with the health check process?
  - Do you think the health check will be able to continue once the project is finished with Griffith?
  - Yes > How do you think it will continue or No > why don't you think it will continue?
  - What do you think could help the health check to continue?
  
- What have your experiences of participating in the interprofessional case conferences?
  - Is there anything you have found particularly helpful?
  - Is there anything you have found particularly unhelpful?

- Thinking back to before you did interprofessional case conferences, before the door was open, how did you work together with the other members of the family health /allied health team?
- How much interaction with other members of the family health /allied health team did you have?
- How has the team interaction changed?
- What is now working well?
- What could be improved?
- If that door was locked again, what difference would that make to how you are working now?
- Were you aware that the door had once always been closed?
- Do you know how it came to be that the door got opened?
- Who opened the door? Has anyone mentioned not liking the door being opened?
- Anything else that hasn't been covered that you feel is important?
